**FALL OF 1898 AND SPRING OF 1899.**

The publication of this list abrogates previous quotations.

Except where prices are agreed upon, these quotations are subject to change without notice.

See Terms and Conditions governing these quotations on another page.

**HEIKES HUNTSVILLE TREES.**Address all correspondence to **W. F. HEIKES, Manager,**  
HUNTSVILLE, ALA.**Distributing Points.**

We are making St. Louis, Chicago and Philadelphia distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, to be shipped from Huntsville on the dates named below. Drayage charges at these points to be paid by the purchaser.

For St. Louis—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th, and in Spring.

For Chicago—In Spring.

For Philadelphia—November 1st and in Spring.

These orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point.

The "Big 4" Japan Plums—Red June, Abundance, Burbank, Wickson.

**SATSUMA PLUM STOCKS**—This is the only stock we have ever found suited to the peach. We have Elbertas four years old on this stock, and every tree remains perfectly healthy. We will bud peaches on this stock on contract to any one wishing to make a specialty of its sale. It is the ideal stock for Japan Plums.

This is the nurseryman's paradise. There are no injurious insects on nursery stock,—no slugs on pears, no aphis on cherries, plums nor peaches, no San Jose scale on anything. There are some borers on peach roots; but everybody knows how to get them. We have inspectors' certificate which we attach on packages when requested.

We dig each order separately and not until time to ship. The trees are taken to the packing-house as fast as dug and boxed immediately. We do not "heel in" anything. Everything is sent out fresh. That is worth a big per centage to the customer who is expecting his trees on time and in good condition to handle again in filling orders.

These three-year-old Plums are very straight and handsome. They were all pruned back last Spring to short spurs. The branches are only one year's growth. It takes an expert to tell them from two-year-old trees.

## PEACH TREES--On Peach, Leading Varieties.

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from aphis or root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees this year. The lands upon which our peach trees are grown produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culms left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

**DORMANT****FIELD-GROWN ROSES.**  
**OWN ROOTS.**

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. On orders sent in by Northern customers for Spring delivery, we will pay freight to Chicago, and hold in cold storage there until wanted. We deliver to transfer companies and the cost of drayage will follow as advance charges, or be added to the bill. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine

We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1 such as do not have the required number of branches or slightly under weight and height, and makes a very nice grade for mailing.

**NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1.** The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

**GRAFTS**—A few varieties marked g. are grafts. When marked c. g. they are both grafts and own roots.

**MARECHAL NEIL.**—Our No. 1 plants of Marechal Niel are very fine shaped plants, 3 to 4 feet high. They are made from grafts, which produce plants of much better style than those grown from buds. We have a fine stock of small plants of these, grown close together on own roots, at \$35.00 per 1000; \$4.00 per 100.

HUNTSVILLE OFFICE—After this date until March 1st Mr. Heikes will be at the Huntsville office, where all correspondence concerning nursery stock at Huntsville and Biloxi should be addressed.

CAMPBELL'S EARLY GRAPE VINES—We will have a fine stock of the Campbell's Early for Fall and Spring in both one and two year vines, which we offer without restrictions. Will make special prices on 100 and 1000 lots. Will attach our seal if desired,

CHERRY TREES—We have now arranged with one of our customers, for whom we have grown a fine lot of two-year-old cherry trees on contract, to offer them for sale at his prices.

MARECHAL NEIL ROSES—Grown at Biloxi. These are extra fine plants, grafted on pieces of roots. Some of these have growth five to six feet long. They are far superior to "Dog legged" budded plants.

APPLE SEEDLINGS—Iowa and Nebraska grown. Will make very low prices f. o. b. Huntsville, Nebraska and Iowa points. These plants are grown by the best well-known growers and are very fine.

MARIANNA STOCKS—We have a very fine lot of these stocks grown at Huntsville, which we will sell at low prices. It will pay to write to us about these.

ABUNDANCE PLUMS—Smooth, straight, two-year-old Abundance Plums on plums are not plenty. We are making a job lot of them and two-year-old Red June and Red Nagate on peach. See our quotations.

## THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

**Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.**

**RATES.**—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

**SEASON.**—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

**SHIPPING DIRECTIONS.**—We respectfully beg our patrons to furnish us with explicit directions as to shipping, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

**RELEASE.**—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

**PACKAGES.**—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

**PACKING.**—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

**ASSORTMENTS.**—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

**CAUTION.**—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

**TERMS.**—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

**FORMS OF PAYMENT.**—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

**GRADES.**—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

**GUARANTEE OF GENUINENESS.**—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

**ACCEPTANCE.**—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

## Sphagnum Moss.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk or in bales. Be sure to get my prices before placing your orders elsewhere.
